**“Testing in District 181:
Using Testing Data to Inform and Guide
Decision Making”**

Presented by

Dr. Janet Stutz

District 181 Associate Superintendent for Curriculum
(Responsibilities include Assessment and Analysis)

Tuesday March 16th

7 to 8:30 pm at the

Clarendon Hills Middle School, MRC

Dr. Stutz will explain and discuss the testing currently being administered by District 181, including how the tests are used to measure academic progress and how they are used for placement in the gifted and talented tiers. In addition, Dr. Stutz will solicit feedback and discuss changes she anticipates as she looks ahead to shaping the district’s testing philosophy, communication strategy, and teacher training. Finally, she will take questions from the audience.

This event is open to the entire community.
