

ENGINEERING THE FUTURE

CELEBRATING SUSTAINABLE ENGINEERING

FEBRUARY 24, 2007
11:00 AM - 3:30 PM

ILLINOIS INSTITUTE OF TECHNOLOGY
RICE CAMPUS, WHEATON IL

Join us for a day filled with hands - on activities and presentations designed to introduce children to the disciplines of engineering. You'll find a building full of opportunities to build, touch and create science and technology knowledge. This year our theme is sustainable engineering - engineering for the future! Each year over 1000 children and families attend this free fun event. Join us this time!

HIGHLIGHTS INCLUDE:

For more information on participation please contact Barbara Kozi (630) 682-6040 or email kozi@iit.edu or check www.rice.iit.edu/engineersweek
